## Needed: Special People For Some Special Cats

We get them all, the tall and the small. Most of our available cats are easy-peasy adoptions. Adorable, well socialized, friendly, happy and a joy to showcase. But just like humans, cats are not all sunshine and roses, without baggage, cares, aches and pains or worries. We all know some kitties come to us with a less than ideal past lives. That does not make them less worthy of our efforts to find them a soft spot to land. We would like to showcase a few of our current residents who are waiting for some special people willing to provide extra care, either a hands-on or hands-off approach, or who have the patience and love to take on a challenge that will end with a big reward.

**Zooboomafoo:** Why has this guy been overlooked so long? (It can't be his superior name!) This fella is just a bit shy and not as outgoing as some of our other adoptable cats, but he is a nice fella just the same. He seems to be attracted to other cats, especially kittens – so that alone shows his good heart. Look into his eyes, he casts a spell!

**Lieutenant:** This stoic looking, FIV-positive guy had a rough start on the streets, and a terrifying ride in a car engine on a very cold day. After some time at CDHS, he has decided people aren't so bad. Our staff and volunteers have cracked him, and he enjoys chin scratches, pettings, and human contact. Take your time and go slow, but if you like the rugged, silent type, he may be the cat for you!

**Mother Goose:** Petite, one eyed, black, long haired, FIV-positive, and quiet,

**Zooboomafoo**

**Mother Goose**

**Lindy**

**Lieutenant**

yet once she trusts you, she has a playful side. Volleyball is her preferred sport. She is living with other cats in an open roam room and pretty much stays to herself but does not bother the other cats. She would bloom in a quiet environment!

**Lindy:** What a beauty! Not very outgoing, FIV-positive, and often prefers life in a tent or a blanket fort. It's possible she just does not like living in the shelter. Once in a home, she may become the most outgoing, loving cat you've ever had. She needs someone to give her a chance. Is that person you?

*Alison, Steve, Jack, Eveline, and Lucy:* These kitties all came from a

hoarding situation. All tested negative for FIV/Felv, so that is good news. They are still adjusting, and even though still a bit shell shocked from their past, they are exploring their new open roam room and are starting to relax and enjoy attention. Spend some time with them; they love the individual quality time!

Some of our cats just need to bond with their own special person. When you are thinking of adopting, please consider one that may require a little more time, patience and yes, even resources. If you have the means and the patience, they are well worth it! What they give back to you is unmeasurable. 🐾

# Shaggy Shuffle Cash Raffle Happening Now!

In this newsletter, you will find a sheet of Shaggy Shuffle Cash Raffle tickets. There will be 5 - \$1,000 winners! You can use the envelope inserted to send them back, along with a check or you can also stop at the shelter to purchase tickets. The final day for selling them will be at the Shaggy Shuffle event on June 18. We will be drawing the winners at that event. (State law states that we cannot take payment on a raffle ticket through a credit card transaction. State law also says that online raffles are not allowed so we cannot take payments online.) 🐾

## CDHS Receives Grant from MDU Resources Foundation

CDHS has received a \$25,000 grant from the MDU Resources Foundation. A big Thank You to the MDU for their continued support and trust in CDHS as we work to build the future and continue caring for pets and people in need in our community. 🐾

## CDHS Receives a PennyFix Grant

CDHS is very fortunate to have been gifted a PennyFix Grant for \$2,000 to help spay/neuter our shelter pets so that they can be adopted.

The PennyFix Grant organization is very unique. The initial goal upon launching PennyFix was to add one penny to each can of pet food sold. Those pennies would be used solely to provide spaying and neutering, distemper vaccines, and rabies vaccines for all cats and dogs in the U.S. They are still working to make that a reality. Currently, they distribute grants as they are able based on the money they have received solely from donations. 🐾

# Shelter Report

By Sue Buchholz, Shelter Director

## Farewell, Carrie

One of the blessings in my life, and the thing I am

grateful for daily, is the long-term employment of the majority of my co-workers. Providing consistent care for our animals, and having the same friendly faces and voices is good for the animals and familiar for our supporters too.

But the one thing in life we can certainly count on is change, and we are about to see a big one. Our Office Manager of 22 years, Carrie B., has accepted a new position, and it is with mixed feelings that we will soon not have her with us every day. Carrie started in 2002 as an Animal Care Attendant and then moved on to Office Manager. She has made the position her own, and as I have stated many times, she somehow manages to keep many plates spinning in the face of daily chaos. She sends thoughtful and creative receipts to our donors and offers a sympathetic ear to visitors coming through our doors. She intimately knows our membership book and donor preferences, manages our accounts, payable and receivable, keeps supply shelves stocked and so much more, I can't begin to list it all. But she got the job done!

She is leaving some pretty big shoes to fill, but we cannot help but be (a little) happy for her for this new opportunity. We suspect she will not have a cat sleeping on her lap at her next

Carrie B.

desk, so we are telling her that perhaps she did not think it through?

We have quite a few employees that have worked hard every day for many years to the benefit of our animals. Our longtime staff members include Tami (10 years), Marcia (11 years), Caroline (24 years), Kaysi (10 years), Shelly (20 years) (plus Board service), Melissa (5 years), Mandy (13 years) (plus Board service), Carrie S (13 years), Cameo (5 years) (plus Board service), Nancy (5 years), and Brenda (8 years). Wow! Ours is not an occupation that sees a lot of this kind of longevity! Every position requires

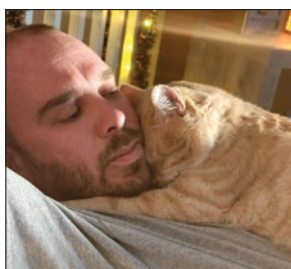

nerves of steel, grit, determination, backbone, a thick skin, and a soft heart. Burnout is very real, and very understandable. Yet all of us get up and get going to face the challenges of the day because the animals need us. The animals deserve it, and deep down our love for them outweighs all the other stuff. But we know sometimes opportunities come along that are best for our families, and we understand that too. We will definitely miss Carrie and all her knowledge and experience very much but wish her nothing but happiness and success in the future. Bear with us during this time of transition – we will surely have a bump or two, but we will keep moving ahead, helping pets and people. 🐾

# Our Volunteers are Pawsome!

By Stephanie Santos, Volunteer Coordinator

Our volunteers are invaluable – they are there for our animals in every way possible, and without them we could not do what we do! They do everything from cuddling our kittens to walking our dogs. Fundraising events like Bene-Pet couldn't happen without this amazing team working behind the scenes.

In 2023, our volunteers committed more than 9,500 hours to helping the shelter and the pets. Our heartfelt thanks goes out to each and every one of our volunteers. There is no task too small that we don't recognize and appreciate. You are all amazing. Here are some special thanks for a few of our volunteer team who go above and beyond in their efforts.

## 2023 VOLUNTEER OF THE YEAR

The Volunteer of the Year is beloved by our shelter cats - and the shelter humans too. Say congratulations to **MARLENE HELBLING!**

Marlene Helbling is a dedicated and compassionate volunteer who has been helping at the shelter since June 2022. She spends the majority of her time with the cats and kittens but also assists staff with fundraising events and special projects. It is always a joy to watch her work with our shy kitties – her soft words of encouragement are heartwarming to hear, and her patience with them truly knows no bounds. She always takes the time to get to know each cat personally and has become a great resource to our staff and volunteers when it comes to knowing what a cat's favorite toy is, what games they like to play, or where exactly a cat does (or does not!) like to be scratched. She is the volunteer you might find playing “baseball” with some of our more active kitties or snuggling on the floor with one on her lap or in the crook of her arm. It is clear just by watching any of her interactions with our cats that each animal she visits receives her undivided attention.

When asked about Marlene, here is what one staff members

had to say, “I think of Marlene as being a cat whisperer. She makes sure to work with the scared/shy cats that others sometimes overlook. She is so gentle and caring and the cats sense that with her. She is a very dedicated volunteer. She is here all the time to make sure everyone gets attention and affection. She is always so excited to see the “Adopted” signs put on their kennels and is a definite advocate for the shelter cats.”

For all these reasons, CDHS is truly honored to have Marlene as our 2023 Volunteer of the Year! Whether it's working with our cats, helping sort through items at our rummage sale, prepping our Thanksgiving Meal, bagging food for Buddy's Bowl, or all the other special tasks our staff has come to rely on Marlene for, we know that she is an invaluable member of our team, and we could never ever thank her enough! 🐾

## 2023 WENDELL AWARD WINNER

The Wendell Award is presented annually to people who go above and beyond in their efforts to save animals. The CDHS Wendell Award winner for 2023 is **CAITLIN WALD**. Caitlin turned a bad day into a heroic experience, and it changed her life forever. Here is her rescue story, in her own words.

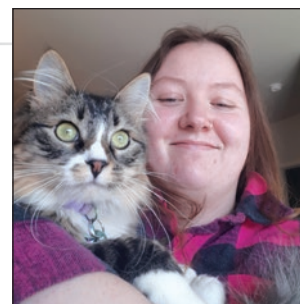

“On Sept. 12, 2023, I was on my way home from work. I was turning onto State Street following a pickup when I saw a tiny kitten being thrown out the window. I watched her go under a vehicle and end up in the middle of the lane. I immediately pulled over and ran to grab her. I have never heard a kitten meow so loud. My main concern was if she was okay. I didn't even care about the traffic coming, I just knew I needed to save her. When I got her back to my car, I began checking her over for bleeding and broken bones. While I noticed no obvious external injuries, I was becoming extremely concerned about internal bleeding. I didn't know who to call so I called my mom. I will never forget that phone call as she could barely hear me through my crying and the kitten bellowing. I could not believe that I was there at the right moment to grab her. My mom then called CDHS, and I brought the kitten in.

It was obvious she was a sweet cat, but she was so scared. It was so hard to hand her over and not know what was going to happen to her. I immediately asked if I could be first in line for adoption. The very next day I went and bought a collar knowing I was determined to adopt her. Something in my gut told me I

needed her in my life. I learned that they had named her Alexis. I had a classmate and childhood friend pass away in high school and her name happened to also be Alexis. To me, this was the universe sending her my way. The days passed painfully slow as I couldn't see her because she was in quarantine. The day she came out of quarantine I visited, and she was perfect. I kept visiting every chance I got until she was old enough for me to apply for adoption.

When I got the news, she would be mine, I was so excited. I went and bought a bunch of toys (which we very much didn't need). When I brought her home, she immediately had a good relationship with my older cat. I was shocked it went so well and I just knew it was all meant to be. Since day one she has fit into our little family perfectly and I wouldn't change a thing.”

**UPDATE ON Gizmo:** When Alexis (now Gizmo) came into the shelter, we took her immediately to the vet. Thankfully, she had no internal injuries and only suffered a bit of road rash. We had to wait for her to get through her rabies quarantine period and until she was old enough to get spayed. Then, Caitlin was able to adopt her, and it was a match made in heaven! What a great story of a lucky little kitty who was saved TWICE by her new mom. 🐾

# Paw Art Showcased Amazing Student Art

This year's Paw Art event/fundraiser showcased a wonderful array of pet portraits, including art of most of the CDHS shelter pets. Art was created by Bismarck Public Schools students who created a drawing, a painting, or digital art of dozens of furry friends.

The community and the artists celebrated with a reception at Bismarck Art & Galleries Association. Artists and their families, and even some CDHS pups, were on hand to admire all the art and share our love for the animals.

The event benefits the Bismarck Public Schools Foundation, BPS Fine Arts Department, BAGA, and CDHS. Don't miss out on next year's event. Submissions run from early January to mid-February. Watch our Facebook page for more information at that time. You will treasure this art of your pet! 🐾
