From Frozen to Fabulous – Saving Elsa

One of our staff was driving down the road and spotted a kitty hanging out by a sewer grate. Something didn't look right so she stopped to check and found that the kitty appeared to be stuck on the grate. The cavalry was called (aka, Sue) and when Sue took a look, she could see the cat was frozen to the ground and had a badly damaged leg. Kitty was distressed and meowing; there was lots of blood, and one limb was pointing in the wrong direction.

Thankfully the kitty was very nice and allowed us to help her. We could not get her unstuck from the grate, so we ended up pouring lukewarm coffee on her leg to get her unstuck. It's all we had and it worked!

Sue scooped her into a kennel and whisked her off to the vet. She was so matted and full of feces the veterinary staff couldn't even determine her gender at first. After an exam and x-rays, the vet decided one leg was severely mangled and needed to be removed while the other leg was just very swollen, with very bloody toes, possibly from struggling to get loose.

After a few days of decompressing, eating, and hydrating, the kitty had surgery to amputate her broken leg. Thankfully, she didn't have any other serious injuries. She returned to the shelter and was named Elsa in honor of her frozen adventures.

Elsa spent several weeks recuperating at the shelter. She was very nice but quiet. She mostly slept and ate, which was understandable as she had been quite skinny when we rescued her.

After a month or so, some nice folks inquired about Elsa and ended up adopting her into their home. She now lives the cushy life with several cat and dog siblings. We've been told that she is in charge of the water dish and no one is allowed to drink unless she says so!

We are so happy to have given this beautiful girl a second chance at a wonderful life and so grateful that she found an amazing family.

Volunteer Orientations

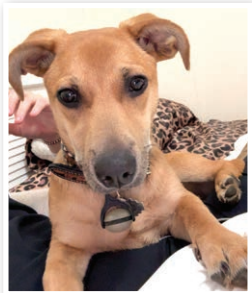

Contact our Volunteer Coordinator, Stephanie, at 701-667-2020 or volunteers@cdhs.net if you would like to volunteer at CDHS. The animals are always in need of volunteers. We would love to hear from you!

CALI

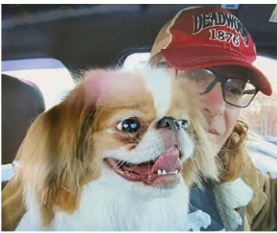

"Our 'little' Cali was intently watching TV yesterday. She is now approaching 50 pounds and is a full-sized Aussie with a full-sized Aussie attitude. Hopefully a chuckle or two for you." – *From Cali's family*

Cali is watching Shelter Director Sue and Volunteer Coordinator Stephanie introduce two puppies on the NDToday morning show on KFYP-TV. She thought it was very interesting.

MAISEY

"Hi! Maisey (formerly Citrina) is doing amazing. She is very outgoing and loves to run around outside. Maisey has grown a little bit bigger and she's very well behaved!" – *From Maisey's family*

BEETLE

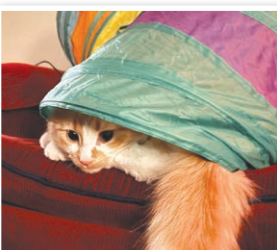

"Beetle has become a fan favorite around here by our grand-kiddos and he's my best bud. Every night he gets his 7:30 pm greenie, sleeps in the bed with us, and follows me everywhere. We are totally in love! Just wanted to let you know he is doing fantastic and he is very, very loved." – *From Beetle's family*

MAXIMUS

"7Pup is now named Maximus (aka Max, Maxie, Maximillian). He is adjusting great! He now does wonderful in a kennel, on his leash, and is much improved on his potty training. His energy has been matched by his new family. His big sister Mable has been busy showing him the ropes and teaching him valuable lessons such as how to sit for treats (and to use his best puppy eyes to beg), pup wrestling, fetch, and best of all snuggling!"

– *From Maximus' family*

LEO

"Leo is doing great! He's really come out of his shell and has officially earned his 'orange cat' status. He's super energetic, obsessed with streamer toys, and loves to cuddle. It's been so fun watching him open up and get comfortable! Thanks again! We're absolutely loving having him here." – *From Leo's family*

Shelter Report

By Sue Buchholz, Shelter Director

Every Donation Saves Lives

As we are coming to the finish line and are soon to be occupying our beautiful new dog facility, I wanted to use this space to sincerely thank EVERYONE who has made this dream possible! We have been blessed with a handful of large, generous donations, which have made it possible to drive this building project forward. Along with the large donations, we know that what fuels us, and will continue to sustain us, is your steady support...and believe me when I say that no amount is too small to make a big difference!

While the Bavendick Shelter will soon be occupied, I'd like to let you know about our next phase plan, which is a remodel of our existing dog building. After much discussion we feel that the best use of the space currently housing our dogs since 2000 would be to make that a quarantine building for new arrivals. With a few economical modifications, we will house stray or ill dogs in that building until they are ready for adoption.

With an added buffer zone between dogs and cats, we plan to add some quarantine space in that building for newly arriving cats as well. Overall, this will increase our capacity for both cats and dogs while keeping the entire population

better isolated and healthier. It utilizes the current dog building in the best and most economical way possible, and we will boldly move forward with that project once our new digs are ready to roll! We are hiring and training additional animal caretakers to prepare for these increased numbers.

The phone keeps ringing and requests for our services are not slowing down! We are excited to be able to offer the community this important resource and yet want and need to also continue to offer spay/neuter assistance to help curb the awful pet overpopulation problem that is in our face.

We know that there are so many worthy causes begging for donation dollars. I personally know the struggle of wanting to give more to charities that touch my heart. But please keep CDHS in mind as we move forward. The animals will continue to need you in the future! Together we truly do great things for pets and people...and with every donor dollar we receive YOU can take ownership of that warm fuzzy feeling of saving animals' lives!

Watch for information about our upcoming open houses and the grand opening of the new Bavendick Shelter. We can't wait to show you all what the community has made possible!

Volunteers are Heroes

Our Volunteers are amazing. We are so blessed to have so many dedicated, hard-working people who care so much about the shelter pets and work to provide them with comfort, enrichment, exercise, and love. We would not be the organization we are without our outstanding volunteers. Volunteer data from 2025 includes:

- 11,566 total volunteer hours donated (Equivalent to 5 full-time employees!)
- 217 active volunteers
- 77 volunteers per month (average)
- 96 new volunteers
- 9 fosters took in 55 total mamas and kittens
- 6 fosters gave 12 total dogs "Staycations"

We would like to recognize our 5 Star Volunteers – those who have been actively volunteering for more than 5 years. (This list is derived from sign-in logs and our volunteer software. It includes volunteers who are still active in our Volunteer Program. It may not be all inclusive due to missed data. Please let me know if we should amend the number of years volunteering or if you were missed and should be added to the list.)

Our Volunteers are Pawsome!

By Stephanie Santos, Volunteer Coordinator

Volunteer of the Year – Kurt Decker

The Volunteer of the Year for 2025 is KURT DECKER! Kurt is a Navy veteran who has honored us with his dedicated service to our mission since 2020. Kurt volunteers his time and energy in so many ways. He started as a Cat Critter Companion but has since taken on many other volunteer roles. He's become one of our "go-to" volunteers when we need cat litter picked up, food for our Buddy's Bowl program delivered, yard work done, auction items assembled, outdoor cat shelters built, boxes of donations lifted, sorted and organized (we fondly refer to Kurt as the "King of Tetris") and much, much more! Kurt is also a key player during our most labor-intensive fundraising events, volunteering the past four years to Bene-Pet and the past five years to our annual Dog Days Deals Rummage Sale.

So, what is the motivation behind Kurt's volunteer efforts to CDHS? Kurt says, "When I adopted two cats from CDHS years ago I saw all these homeless critters needing attention, love, and all-around companionship. I just couldn't turn my back and walk away from any help I might be able to give." When asked what the best part of being a CDHS volunteer was, Kurt said, "Seeing a pet who you thought would never get adopted...and then you see them get their forever home!"

Like all our Critter Companion volunteers, Kurt has many special memories of the pets he works with, and seeing an "Adopted" sign on their kennels is something he relishes. He has fond memories of cats "Eeyore and Merino, along with many other challenged cats who finally get their forever home." Kurt said, "That alone makes it worth coming in just to see."

And speaking of forever homes, Kurt is also the proud pet parent to Buddy (formerly Tormund) a FeLV/FIV-positive cat brought in to CDHS as a stray. He spent months socializing this special needs kitty before making the decision to take him home.

We honestly cannot say enough wonderful things about Kurt. One of our CDHS staff members had this to say and we could not agree more!

"Kurt is the guy who always shows up—steady, reliable, and determined to do things the right way. When we call, he's there, rolling up his sleeves with that quiet 'I've got it' confidence. Whether he's assembling online auction items, hauling the heavy stuff, or giving up a big chunk of his summer to wrangle rummage sale intake and power through the long, chaotic days of the sale itself. He's part of every event we put on at CDHS, and his work ethic,

Kurt helps to sort and load Rummage Sale donations.

humility, and genuine love for the animals make him one of our true behind-the-scenes heroes."

THANK YOU, Kurt, for all that you do for our animals at CDHS! We appreciate you and are excited you are the 2025 CDHS Volunteer of the Year!

Wendell Award Winner – Kevin Oberlander

Many of us know Kevin Oberlander in his professional capacity as a compounding pharmacist and the founder of the Dakota Pharmacy businesses. We at CDHS also know Kevin and his wife, Hildy, as CDHS dog adopters, long-time animal lovers, and great helpers to those in need.

Kevin says, “I have a great soft spot for the work that CDHS does. We have adopted three dogs from CDHS over the years. Otis and Franklin were a pair of pugs that had been surrendered together. Most recently we rescued Ellie, a sweet Corgi that came out of a puppy mill in Missouri.

“Dakota PrecisionRx Labs is a compounding lab we started 34 years ago, and a large part of our practice is working with Vets and shelters, providing specialized medication for our furry, feathered, scaly...friends. We have compounded many preparations for CDHS including flavored medications (chicken, fish, banana, etc.), many topical gels for wound care for injured animals, pain management medicine, transdermal thyroid gels for cats, to name a few.”

CDHS Shelter Director Sue has worked with Kevin to help many injured and sick pets at the shelter. She recalls, “Kevin has been a friend of the shelter since we opened our doors. He was raised right and has been an animal lover all his life. Our first medical case he saved was Sadie, the little dog that had been intentionally burned by her people with scalding hot water and Woolite, which resulted in full thickness burns on her back, sides, and legs. Kevin jumped at the chance to help. He mixed up a medicated powder that we would apply daily after bandage changes. This healing

Kevin has been an animal lover and helper for decades.

and debriding process took months and while Sadie never regained the growth of her fur, her skin healed completely and the only special treatment she needed was lifetime protection from the sun!

Then came Smiley, the dog found with a large area of skin and muscle stripped away and exposed bone in a very dirty wound on her front leg. Kevin’s creation saved her leg. Smiley endured months of daily dressing changes, often licking our faces while she sat for the process. But Smiley healed, walked without a limp, and was adopted and spent the rest of her life with her family in the mountains of Colorado.

Then there was Tori the cat, who was probably thrown from an engine of a vehicle, and found to have a massive laceration on her rear leg going into her groin. The vet’s first call was to Kevin, and just like the other cases, Tori survived, thrived and was adopted to live her best life because of Kevin and CDHS.

Kevin is a friend and supporter that has directly helped us bring comfort and healing to dozens of needy animals and I can only imagine how many people he has comforted and healed during his ‘day job.’”

Kevin, we appreciate all you have given back to our community and are sohonored to present you with the 2025 CDHS Wendell Award!

The Wendell Award is presented annually to people who go above and beyond in their efforts to save animals.

Thank You, Bavendick Shelter DONORS!

Listed here are the donors that will appear on our Donor Recognition Wall in our new dog building. These committed and generous supporters donated during our capital campaign or designated estate bequests that allowed us to dream big.

We are beyond honored and grateful for these donors who will bring to life our Bavendick Shelter Dog Building. Here's to

the health, happiness, comfort, and security of the pets in our care and the people who work, volunteer, visit, and adopt.

Together, we are saving lives and providing second chances for pets to enjoy a happy life with families of their own.

Paw Art Picassos

Thank you to the Bismarck Public School's Foundation for once again hosting the Paw Art event and fundraiser and to the Bismarck Art & Galleries Association for hosting the Paw Art reception. Students from Bismarck Public Schools sketched, drew, painted, colored, and stylized pictures of people's pets and many of the CDHS shelter pets as well. CDHS pet portraits are on display at the shelter, and you can see a video of all the pictures by going to the Bismarck Public Schools Foundation's YouTube page. If you missed out on getting a pet portrait this year, make a note for 2027. You can donate and submit your photos in the January-February timeframe. This is a true keepsake that will make you smile every day.
